Financial Information for Your Stay

## *Our Financial Services*

Nebraska Orthopaedic Hospital believes a healthy patient is also an informed patient. The Patient Financial Services Department of the hospital is ready to take any question you may have about your upcoming surgery or paying your bill after your stay.

### *The Process*

Prior to your surgery, you will be contacted by our pre-admission staff. In addition to information about your general health, they will collect insurance data to pre-approve your surgery. When you arrive for surgery, you may be asked to pay any co-payment or deductible. After you leave the hospital, a bill will be sent to your insurance company. After we have received payment (30-60 days) you will receive a letter asking for the remaining portion for which you are responsible.

### *Your Bill*

You will receive a bill from Nebraska Orthopaedic Hospital shortly after your stay with us. If at any time you have a question concerning your bill, please contact our Patient Financial Advisor at 402.637.0611

Please note that your personal, or ED physician, surgeon, pathologist, radiologist, anesthesiologist, and other specialists bill separately for their services. Please contact them directly if you have any questions concerning their bills.

### *Insurance Coverage*

If you have insurance coverage and have supplied this information to us, we will submit a claim to your insurer on your behalf and keep you fully informed of the outcome of your claim.

At Nebraska Orthopaedic Hospital, we participate with most major insurance plans. To see a list of participating insurances, go to [www.neorthohospital.com](http://www.neorthohospital.com) under Financial Services.
