

What is new at **Our Hospital!**

Our Hospital has added electronic payment services to our website, www.yourwebsiteaddress.com. This provides our patients with self-service access to view and pay their outstanding account balances. With our new service, you will have the option to pay your bills using a credit card, debit card, electronic check (ACH), or Healthcare Spending Account (HSA). This new service offers a simple and secure system where all sensitive banking and credit card information is securely transferred, encrypted, and stored at a certified data center.

You can pay your bills three ways:

Online

From our website, you can access and manage your account, pay your bills online with a credit card or bank transfer, and get answer to your frequently asked questions. Visit www.yourwebsiteaddress.com and go to "Online Bill Pay" to sign up for an online account today.

By Phone

Call **xxx-xxx-xxxx** to pay your bill by phone using your credit card or bank withdrawal. We accept all major credit/debit cards.
